Continuation Sheet (PTOL-413B)

Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Coon agreed to an Examiner's Amendment, as shown in the attached Examiner's Amendment, to correct the wording on page 16 of the specification, where in the filed copy, a section of the text is blocked out by a note. The correct terminology that was intended to be used in this section was confirmed by checking the text of paragraph [0034] of WO 2005/02588, which claims priority to this application. Paragraph [0034] otherwise has identical text to that of the paragraph on page 16 which is to be corrected..
